***Who Killed Natasha?*** explores the murder of journalist and “Memorial” human rights defender Natalia Estemirova. In July 2009, hours after she was abducted from her home, her body was discovered by the side of the road. The filmmaker travels to Chechnya, Russia and England investigating the pattern of silencing dissident voices that speak out against the human rights violations in Chechnya and Chechen president Ramzan Kadyrov. The film premiered at the **Geneva International Film Festival and Forum on Human Rights** in March 2011 where it won the **Grand Award of the World Organization Against Torture**.
