The Honorable John D. Rockefeller IV
 Vice Chairman
 Select Committee on Intelligence
 United States Senate
 Washington, D.C. 20510-6475

Dear Mr. Vice Chairman:

(TS [redacted]) This letter responds to your correspondence of 10 March 2006 concerning the status of significant recommendations identified in the Office of Inspector General (OIG) Special Review, entitled "Counterterrorism Detention and Interrogation Activities (September 2001 - October 2003)," (2003-7123-IG). This Report was issued on 7 May 2004. Your letter asked for a description of the corrective actions that have been taken by CIA in respect to each recommendation and the Inspector General's evaluation of whether the corrective actions adequately resolved the issues addressed in the Report.

(TS/[redacted]) The following list provides the status of actions taken in response to the ten recommendations in the Report. The recommendations are briefly summarized; the full text of each recommendation is contained on pages 106-109 of the Report. In nine cases, OIG has judged that the actions taken by the Agency have been sufficient to warrant closing the recommendation. In some of those cases, the action taken by the Agency clearly and definitively disposed of the matter. In some other cases, although the recommendation is closed, the follow-up actions are being implemented over a period of time. Where appropriate, the OIG will continue to monitor the effectiveness of these actions in its ongoing program of audits, inspections and investigations.

(U//FOUO) Given the classification and sensitive issues discussed in this letter, I would ask that you handle it in the same restrictive way the Committee has handled the OIG report of May 2004 to which it refers. Thank you for your support as we continue to examine Agency activities concerning detentions, renditions, and interrogations. If you have any questions about these matters, please contact me or Assistant Inspector General for Investigations

Sincerely,
